

Krishna Hydro Projects Pvt Ltd (KHPPL)

Krishna Hydro Projects Pvt Ltd (KHPPL) is an Independent Consultancy Company. During the initial years, company was involved in Land Acquisition and Pre-development activities of Hydro Projects in Uttarakhand for Corporate clients like M/s Polyplex Corporation (24MW), M/s Sunflag Hydro (63 MW) and Bhunder Ganga Hydro (24MW). The developments were dwelled by all documentation being taken care at the desk of our Mr. Dalip Dua Promoter cum Managing Director of Krishna Hydro Projects Pvt. Ltd. He is "Life Member of International Hydro Association". The company is privately held and family owned, however team named "Standout" of 9 Elite Employees is a small group of professionals which are together from last 10 years driving the Business.

We at KHPPL, our ambitious now looking forward to having Joint Venture approach to design, build and the breakthrough from consultancy to be a company of "Water to Wire" came in 2009 from OPG Group of Industries Chennai. In past, we have already carried out project identification assignments for corporate like Larson Turbo & DSCL India.

The project is being developed in SPV named M/s Om Energy Generation Pvt. Ltd. (www.omenergy.in) where in Mr. Dalip Dua is Board Director, Presently, the project is in construction. We have graduated from Consultancy to full development plus construction Management by working on Holi - II SHP (7MW) in District Chamba Himachal Pradesh. The project is envisaged for commissioning in April 2020.
